Getting Learning Right

THE NURTURING EDUCATION

"Getting Learning Right" embodies our mission of delivering exceptional developmental learning programs to our clients. We achieve this by combining best practices from the fields of psychology, education, social sciences, technology and brain sciences to enable individuals and/or groups to achieve their true potential"

How Will You Benefit ?

With right learning we help YOU unfold your potential and talents. We match your needs with appropriate professional and supporting services:

Specialist Nurturing Services:

We have psychologists, professional therapists and educators to provide Counseling, Assessment, Rehabilitation and Educational (CARE) services.

Support Nurturing Services:

We offer various learning opportunities such as workshops, seminars, meeting groups and activities-based programs.

In summary we help you:

- Assess your true talents and personality to maximize your potential
- Relearn to improve your strengths and reduce weaknesses
- Get the right mental, social and emotional support to spur personal growth
- Be empowered with our holistic assessment and interventions

Who Should Use TyNE's Services?

People of all ages. Children to adults, families, professionals, organizations, etc are our clients. We cater for all ages in our life-span developmental approach by designing specific services for different age groups and needs.

- a) Development for preschoolers, children, adolescents and adults
- b) Enhancement for adults in transitions e.g. study, career, & personal growth
- c) Relearning for mid-life and older adults
- d) Remedial or wellness programs for adults

The TyNE Approach

We use our unique holistic "C.A.R.E" System Approach. You get individualized attention that truly puts you first to ensure you get the right learning experience.

Step (1): Profiling

Individuals, families or groups are firstly assessed on the aspects of C-ognition, A-ction, R-elation or E-motion for the mapping of the life spaces interaction and environment. The professional analysis of the given information will provide the basis for our service interventions and recommendations for your action.

Step (2): Nurturing Interventions

Intervention services we offered can be classified into C-ounseling, A-essment, R-ehabilitation or E-ducational. You can choose one-to-one sessions that provide maximum level of confidentiality or interventions in group settings if appropriate.

Step (3): Better Outcomes

Personal life goals and objectives can be actualized. We want our clients to be C-reative, A-ctualised, R-econnected and E-mpowered from using our services.
